LETTER FROM THE CEO

2022 was the first year of Legacy being our very own organization and nonprofit – and what a year it was! You will see the stats later in this Annual Report, but there are a few things I would love to highlight that we did together as a community.

We launched our very first cause area giving circle by partnering with Real Mama Bears and within 1 week the Mama Bears Giving Circle became the largest LGBTQ+ benefitting giving circle in the WORLD! This beautiful community of givers is now in their 2nd round of nominating nonprofits, and they have already given away over \$80,000 in grants! In just a few months we will be announcing our next cause area giving circle which will be benefitting the BIPOC community – stay tuned!

Atlanta has become our second largest community of monthly donors and they helped us get connected with Discover Atlanta. This led to us launching the Atlanta City Giving Circle. Since that launch, we have launched in Indianapolis, and are about to launch in a 3rd city as well next month! We have also received amplification from Destinations International, who is supporting us and our work so that cities across the country know about our efforts and impact.

We have also worked very hard to improve our storytelling of what a significant impact all of your investments in these nonprofits are doing. From rebranding our website, to launching a micro-documentary series, to hosting grant recipients at the Gathering, and an upcoming Town Hall, we have worked hard to get these great stories of impact into your hands.

This past year as we walked through the rebranding process, we also created our organizational values for the 1st time: Integrity, Justice, Solutions-Led, and Communal. You will see them often because we are a community, and we are in this TOGETHER. We want these values to not only drive our team, Boards, and nonprofit partners, but also our giving circle community as well.

2022 was a year of great growth and celebration. I look forward to seeing how 2023 will bring us closer to solving systemic issues with sustainable solutions as we work with the rest of the world toward the 17 UN Sustainable Development Goals!

With much gratitude,
Erin Arnheim
Chief Executive Officer

MISSION

Legacy Collective works to solve systemic issues by funding the most sustainable, innovative efforts through partnerships with nonprofit organizations locally and globally.

VISION

The vision of Legacy Collective is to build a giving community that makes an ongoing impact around the world.

VALUES AND COMMITMENT TO DIVERSITY

Integrity

Legacy Collective is a diverse community of philanthropic leaders committed to dismantling systemic issues through innovative philanthropy. We strive for a radically inclusive culture that celebrates all team members, partners and donors by championing the unique differences that make up our community.

Justice

Legacy Collective is committed to providing an equal opportunity for employment to individuals regardless of age, race, color, creed, citizenship status, national origin, ancestry, religion (including religious dress and grooming practices), sex (including pregnancy, childbirth, breastfeeding, or related medical conditions), gender identity or expression, sexual orientation, physical or mental disability, pregnancy, military or veteran status, genetic information or any other similarly protected status in accordance with federal, state or local law, ordinance or regulation.

LEGACY COLLECTIVE GIVING CIRCLE GRANT RECIPIENTS

“Legacy Collective’s \$25,000 award will go a long way to support CASA of Johnson and Wyandotte Counties efforts to provide an advocate for 450 children in our local communities. Our advocates, who provide resources and support for children in the foster care system, strive to be a stable adult in their lives. The support we received will also move us closer to realizing our vision to create a community where every child who has experienced abuse or neglect is given the opportunity to thrive.”

- CASA of Johnson and Wyandotte Counties

“Global Village Project's mentor program is essential to providing our girls with the support they need to prepare for high school and beyond. Through the Legacy Collective Grant, we have been able to enrich the mentor program with more bonding activities for students to have a continuous community of support outside of school. Over the holidays, mentors and their mentees visited Botanical Gardens in Atlanta for a night of fun and a highlight for many of our girls.” - Global Village Project

MAMA BEARS GIVING CIRCLE GRANT RECIPIENTS

"I am so proud of the Mama Bears Giving Circle and all that we accomplished in 2022! Not only did we award more than \$80,000.00 in grants to nonprofits that serve the LGBTQ+ community, but 10% of every donation went to the Real Mama Bears organization which helped us continue to offer families with LGBTQ+ members meaningful connections, much needed support and valuable resources. Thanks to the Giving Circle donations, Real Mama Bears was able to host six events and attend two LGBTQ+ conferences in 2022. Those events and conferences allowed us to make connections with over 550 additional families with LGBTQ+ members. In less than 10 months the Mama Bears Giving Circle has become the largest LGBTQ+ giving circle and we are just getting started. Together we can change the world!"

“Thanks to the generosity of the Legacy Collective the Tyler Clementi Foundation has been able to continue to encourage youth, as well as adults, to not remain a passive bystander but rather stand up and speak out as an active Upstander when they witness bullying behavior. Taking our message to multiple Pride events and even to the streets of NYC at the Heritage of Pride March in June. Since June 1st, 2022 just under 1,300 people have signed our Upstander Pledge, boldly committing to be an Upstander!”

DISASTER RELIEF GRANT RECIPIENTS: UKRAINE

"On February 24, Russia launched a large-scale military operation on neighboring Ukraine, a conflict that triggered a food and humanitarian crisis with far-reaching consequences. World Central Kitchen began serving hot meals along the Poland/Ukraine border within hours of the initial invasion, and quickly set up stations at dozens of border crossings in neighboring countries to support the surge of hundreds of thousands of refugees fleeing the country each day. Since February 25, WCK has served more than 190 million meals across eight countries, including over 171 million meals in Ukraine alone. WCK is currently serving approximately 300,000 meals daily through food kits and hot meals to communities in eastern Ukraine on the frontlines of conflict. Thank you to the incredible support of the Legacy Collective community, which has made this vital work possible."

- World Central Kitchen

DISASTER RELIEF GRANT RECIPIENTS: FLORIDA

"We are so grateful to be partners with the Legacy Collective, and your continuing support has helped provide a safe place to call home for 46 heartbeats. After Hurricane Ian and Nicole's devastating impact, Hope Partnership provided essential items and housing support to displaced persons like Katrina. Katrina was living in her car, and thanks to our Community Support Specialist and the ongoing support of Legacy Collective, she is in her apartment - a safe place to call home."

- Hope Partnership

DISASTER RELIEF GRANT RECIPIENTS: AFGHANISTAN

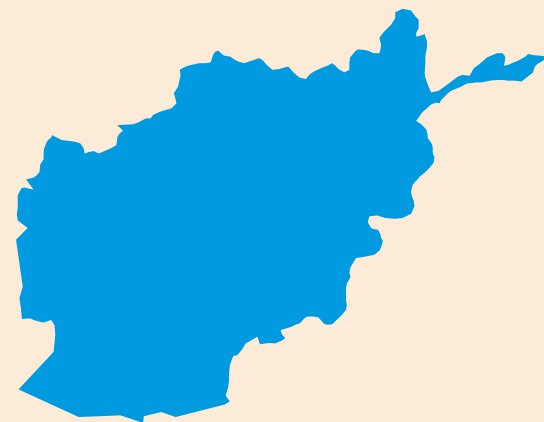

"This past year was challenging in many ways for the students and staff at the Love Does Primary school. There were ever changing rules enforced by the Taliban, families who lost loved ones, and a devastating ban on girls' education after grade six. Despite these challenges, we continued to meet the needs of the students. And though the ban on girls' education affects their futures, for now, our students are able to attend school as normal.

The school remains an important and perhaps the only space where our students and staff can gather and forget about the outside world, which they have described as "dark". They focus on doing class work and participating in fun activities. They also find comfort in each other's presence.

We're committed to fighting for the students' right to education and overall well-being."

HOLIDAY GRANT RECIPIENTS

"During our 2022 Christmas Beyond the Toys campaign we were able to serve dozens of foster, kinship, reunifying families, and aged out foster youth through funds provided by Legacy Collective. This support went toward practical relief such as car repairs, helping families catch up on utility bills, setting up housing essentials and basic needs for children placed during the holidays, a down payment for trade school, and ongoing wraparound support to sustain children and families. We're so grateful for Legacy Collective's partnership in walking alongside these vulnerable neighbors."

CITY GIVING CIRCLES

In 2022, we hit a new milestone! We opened up our first two City Giving Circles with Discover Atlanta and then Visit Indy. Our City Giving Circles empower conferences and conventions as well as attendees to invest in nonprofits located in their event's host city.

"Convention attendees consistently ask us how they can give back to the community while they are in town," said Kristin Delahunt, vice president of convention services, Atlanta Convention & Visitors Bureau (ACVB). "Legacy Collective provides the resources to meeting planners, event attendees and companies to support nonprofits while gathering in the city. Atlanta City Giving Circle makes this process seamless for ACVB and its clients."

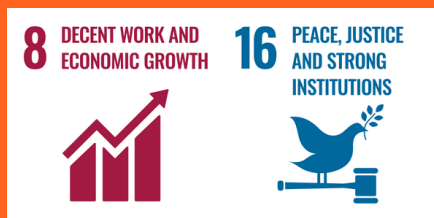

Our first City Giving Circle grant was given to Beloved Atlanta from the Atlanta City Giving Circle!
